

WELCOME TO ATLAS

Business Onboarding Form

Fill this out once and we'll launch your branded loyalty app, your customer rewards program, your automated offers, and your front-desk system — usually within 48 hours.

FOR

PREPARED BY

Atlas Engine

hello@atlas-engine.app
atlas-engine.app

How long? About 25 minutes. You can fill it in print or on screen — your call.

What's inside

1. **Business basics** — name, contact, hours, location
2. **Branding** — logo, colors, welcome copy
3. **Pre-Atlas baseline** — your past-year numbers (so we can show your growth)
4. **Point system** — how customers earn
5. **Rewards catalog** — what they can redeem
6. **Membership** — optional premium tier
7. **Check-in streak** — the streak-trail game
8. **Automated offers** — welcome, birthday, anniversary, holidays + voice messages

9. **Google review** — the link customers tap to leave a review
10. **Team roster** — managers + front-desk staff to invite
11. **Notifications** — what your customers get pinged about
12. **Sign-off**

Don't sweat it. Leave anything blank you're unsure about — we'll get it on a quick call. The most important sections are **1, 2, 4, and 5.**

BEST TIME TO REACH YOU

PHYSICAL ADDRESS (STREET, CITY, STATE, ZIP)

WEBSITE (IF ANY)

HOURS OF OPERATION (SUMMARY)

PREFERRED APP URL SLUG

Will become your-slug.atlas-engine.app. Lowercase, letters + numbers + dashes only.

2 Branding

Logo + photos: email PNG/JPG files to hello@atlas-engine.app with subject line "Branding files — <your business name>". Logo should be high-res, transparent background preferred.

Brand colors (hex codes if you know them)

PRIMARY

Buttons, accents

SECONDARY

Gradients, highlights

ACCENT

Badges, celebrations

Don't have hex codes? Just describe your vibe: "ocean blue and gold," "warm pink and cream," "deep green with copper" — we'll pick.

Welcome message

WHAT THE CUSTOMER SEES ON THEIR HOME TAB

Keep it short and warm. Use `{{first_name}}` if you want it personalized.

Hero image

Send us a wide landscape photo of your shop / product / vibe. Will appear behind the welcome message. Optional — we'll use a brand-color gradient if you skip it.

3 Pre-Atlas baseline

Why this matters: these are your numbers from the last 12 months *before* Atlas. Your Insights dashboard will use them as the "Without Atlas" baseline in side-by-side comparisons — so you'll always see exactly how much Atlas moved the needle. Quick estimates are fine.

4 Point system

How customers earn points. You can change any of this after launch.

FIRST-VISIT BONUS

Awarded the first time they check in. Big number = sticky.

POINTS PER VISIT (NO PURCHASE)

For the daily check-in itself.

POINTS PER \$1 SPENT

e.g. \$20 purchase × 1 = 20 points.

GOOGLE REVIEW BONUS

Awarded once verified.

REFERRAL BONUS (TO REFERRER)

REFERRAL BONUS (TO NEW SIGNUP)

BIRTHDAY BONUS

Auto-dropped on the customer's birthday.

SIGN-UP ANNIVERSARY BONUS

5 Rewards catalog

What customers can redeem with their points. Aim for 5–10 to start. We recommend a low-cost teaser (~500 pts), a sweet spot (~1,500 pts), and a hero reward (5,000+ pts) so there's always a "next thing" to chase.

Photos for each reward: attach a square JPG/PNG of every reward (or product photo of what they redeem for). Name files reward-1.jpg, reward-2.jpg, etc. and email with your other branding files. Optional but boosts redemption rate >30%.

6 Premium membership (optional)

A paid monthly tier customers can upgrade to. Locks in repeat visits, doubles your average ticket. Skip this section if you don't want a paid tier yet.

8 Automated offers

Set-and-forget offers that fire on their own — welcome, birthday, anniversary, holidays. Each one can come with a voice message recorded by you (boosts conversion 158%).

Voice messages: record on your phone (any voice memo app), email the .m4a or .mp3 to hello@atlas-engine.app with the offer name as the subject line. Aim for 8–15 seconds, friendly tone, mention the gift.

Photos for the offers: attach a square image for each one you turned on. Welcome, birthday, anniversary are the highest-impact — get photos for those first.

9 Google review

How to grab your Google review URL: open Google Maps → search your business → click *Write a review* → copy the URL that opens. That's the link Atlas drops customers into when they tap "Leave a Google review."

		Manager ▾	
		Manager ▾	

Role guide: **Manager** sees everything for your business — Insights, Billing, Offers, Team. **Front desk** only sees the scanner, customer search, and points/redemption flow. You can change roles later.

11 Customer notification defaults

Push notifications your customers will get unless they opt out. All are on by default — uncheck any you'd rather keep silent. Customers can always tune their own preferences in Profile.

**Streak reminders**

Nudge before their streak breaks

**Reward unlocked**

When their points cross a threshold

**Spin available**

12 hours after their last check-in

**Birthday bonus**

Celebratory ping on their birthday

**Review request**

Asks for Google review after a redemption

**Offer announcements**

When a new automated offer drops

**Gift expiring**

Heads-up when a saved gift is about to expire

**We-miss-you**

Win-back for inactive members
